MARKETPLACE TRAINING FOR MCR COLLEAGUES

In Edinburgh, Developing the Young Workforce and MCR Pathways have a strong working relationship. Many of the DYW School Coordinator's and MCR Pathways Coordinator's are already working collaboratively to highlight opportunities to each other.

To support MCR Pathways colleagues to be able to use the Marketplace platform (a platform that hosts employer engagement opportunities to enhance the curriculum for young people) to book opportunities for the young people it was agreed that DYW Edinburgh, Midlothian and East Lothian would provide national training to MCR colleagues to support this.

The Activity delivered was:

- Delivered by 2 DYW Senior Project Officers, top and tailed by SLT from MCR
- 3 x 1 hour sessions that MCR colleagues could opt in to receive training on marketplace
- Aftercare and continued support with registering and using

In addition to this our regional group continue to work closely with our regional MCR colleagues, co-hosting and facilitating best practice sessions and networking events with wider networks of partners.

63 MCR coordinators attended.

"Just a quick one to say huge appreciations for the training this week. I've had some great direct feedback from a few of the team and I personally found the session gave great insight. You both make a dynamic duo in delivery and hosting - clear, considered session, pitched very well for intended audience."
